AMMO ITEM #

58-8GGR

Company: _____

Job: _____ #Item: _____

Notes: _____

5/8" X 8' Galvanized Ground Rod

FEATURES

- High strength low carbon steel core that provide superior strength when driving
- Hot melt zinc coating provides a rustproof barrier so that the ground rods has excellent corrosion resistance
- Bending Test At 180° Without Cracks And Without Detachment

MATERIALS

- Core: High strength low carbon steel
- Coating: Zinc

PRODUCT MEASUREMENTS

- Length: _____ 8 ft - 2400 mm
- Weight: _____ 2.90 kgs
- Strength: _____ 500-570 N/mm
- Actual diameter: _____ 5/8" - 14 mm²
- Thickness of coating: _____ 60 - 90 microns
- Cross section: _____ 200 mm²

PACKAGING

- PKG: _____ 100
- UPC Number: _____ 837654090183
