# Conduit Bushings Insulated Malleable Iron

## APPLICATIONS

- Used with locknut to terminate threaded rigid conduit or IMC to a box or enclosure
- Rounded surface of bushing prevents damage to wire insulation

## FEATURES

- The plastic liner won't chip, crack, swell or shrink. It resists corrosion, chemicals and temperature extremes
- Provide a smooth pulling surface
- RoHS compliant

## MATERIALS

- Body: malleable iron
- Throat: PP Rate at 105°
- Lug: Alum

## FINISHES

- Malleable iron – HDG and Zinc plated
- PE, PP, Alum – natural
