AMMO ITEM #

ARFA40PVC

Company: _____
 Job: _____ #Item: _____
 Notes: _____

Female Adapters

APPLICATIONS

- Electric Wires Installation
- The threaded PVC fittings are suitable for irrigation, underground sprinkler systems, swimming pools, outdoor applications and cold water supply lines, rainwater collection bucket systems
- These PVC threaded fittings fit for indoor and outdoor use

FEATURES

- Non-conductors of electricity and resistant to electrochemical processes generated by acids, bases, and salts that cause corrosion in metals
- Lightweight, easy to install by solvent cement or gasket, reducing installation costs as much as over 50% compared with metal fittings
- More than 50 years of usage under normal conditions

MATERIAL

PVC

CERTIFICATIONS

- UL 514B: 2012
- Ed.6+R: 22May2020
