AMMO ITEM #

AWCRF
100-500

Company: _____

Job: _____ #Item: _____

Notes: _____

Wire Connector

FEATURES

- Exceptional design makes twisting easier, ensuring proper installation - especially in tight spaces
- Deep surface ridges provide better grip
- Threaded funnel entry guides the wires into the Connector easily
- Swept-back wing design provides handling comfort and increased torquing ability
- Square wire spring provides secure gripping of conductors

MATERIAL

Tough thermoplastic UL 94V-2 flame-retardant

VOLTAGE

300V / 600V Max

WORKING TEMPERATURE

105° C

SPRING INSERT

Steel

WIRE RANGE

#22-#10 AWG, Cu
